## Turbine Car On Display At Chamber Dedication

THE CHRYSLER Turbine car which will be on display in Antioch Saturday.

A Chrysler Corp. Turbine car will be a feature of the Antioch Chamber of Commerce, Dedication Parade on Saturday, August 28.

The experimental turbine car will first be seen in the parade at 1:30 p.m. The turbine will then be on display throughout the day at Earl Stringer—Motors. Evening hours will find the turbine on display at the Wilmot Race track.

The parade will dedicate the Rest Area at the corner of Lake and Main Sts., in Antioch. In addition to the turbine car, the parade will

include Color Guards from the Antioch American Legion and VFW Posts, bands, floats, and the Lake Region Jaycees. Queen Linda Brown and her court.

Following the brief dedication ceremonies, the new information center will be presented to Mayor Raymond Tofli by Chamber President Dick Miller in the spirit of civic improvement.

Visitors will have a chance to inspect and discuss the unique turbine car throughout the afternoon with Chrysler representatives. Captain host for the car will be Earl

Stringer, local Dodge dealer. Literature will be available for those interested in the car's operating principles.

The turbine which will be in Antioch next Saturday is identical to cars currently being used by selected motorists in Chrysler's 50-car evaluation program.

All of the turbine cars are identical in body, style, color and other features. Each is a four-passenger, two-door hardtop. The roof is covered in black vinyl. The car is Turbine Bronze, with an interior of copper-colored leather. The four bucket

seats are foam-padded and contoured.

Unique feature of the car is the twin-regenerator turbine engine. The turbine power plant has 80% fewer moving parts than the conventional piston engine. The turbine engine weighs 410 pounds, and develops 130 horsepower.

Improvements have recently been made in the area around the Chamber's Information Booth to provide a pleasant and eye-catching rest area. A huge planter in the center is currently filled with dirt and sodded. Benches have been installed.

## Board Raises Tax Levy For Next Year

The Antioch High School Board of Education adopted the budget for the next year at the school, and also established the fiscal year for the school from July 1, 1965 to June 30, 1966.

The '65-'66 budget shows an increase of \$32,035 over last year's expenses. The increase, according to Superintendent A. L. Dittman, reflects increases in the educational fund. Two additional teachers have been hired; one for Art, a new course, and an additional English teacher. Supply and equipment prices are also up.

The board levied 84¢ for the educational fund, reflecting the recent change authorized by the State Legislature. The levy for the transportation fund was increased from 2¢ to 4¢. The General Assembly authorized

the Antioch Rescue Squad will be the beneficiary of the big golf tournament slated for September 8 at George Diamond's Country Club.

The tournament will stretch out into a full day of activity, with lunch and dinner being included in the event. Non-golfers may wish to attend dinner. The golf tournament will be held on Diamond's private course. It's sponsored by Teresi Chevy-Olds. "Big John" has offered a new car for a hole in one on a specified hole.

All proceeds will go to the Antioch Rescue Squad. Further details are available at the Antioch News. First National Bank, State Bank, John Teresi's Chevy-Olds and Rescue Squad members.

## Action On Drivers License

a raise of 8¢ without referendum.

The Board decided to take advantage of the authorized raise in the educational tax from 75¢ to 84¢, Mr. Dittman reported, because the current deficit in the educational fund is \$100,000 a year. The full raise in the transportation fund is not needed at this time, he said.

The increased levy will add \$82,000 to the income of the school, according to Dittman.

Bids for insurance were opened, covering all areas except fire insurance on buildings and contents. A committee of Roger Prosie, Dr. Albert Bucar and Robert Denman were appointed to study the bids and report at the next regular meeting.

The board approved the installation of a new trophy case, a gift to the school from the 1965 graduating class, in the main corridor of the new wing. The case will be installed by Modern Home Products.

The board also approved changes in the teacher's manual. Changes include the spelling out of duties and

the last vacancy on the teaching staff will be filled by the employment of Allan Etzbach for the Physics and Physical Sciences department. Mr. Etzbach is a graduate of Monmouth College and a beginning teacher.

The bid of Schneider Excavating, Lake Villa, for gravel for the new parking area was accepted. The bid was \$2 per yard, to be leveled at that price.

Antioch High School was designated by the Special Education District of Lake County as an Administration Center for the new Psychiatric School Social Worker, R. L. Hanks.

The General Assembly having raised the number of required school days from 180 to 185, the board added two days to the calendar to meet requirements. School will adjourn on June 9 next year instead of June 7.

Seven seniors who had not had enough credits to graduate with their class have since made up the requirements and were awarded diplomas by the board. They are Robert Hill, James Neilson, John Sheppard, Nancy Lemke, Dennis Heimbrodt, Joseph Werda and Camella Kohl.

Included in the shoot is Jackrabbit competition and White Bird prizes. At certain unknown intervals a white target flies out of the trap house, which if bagged results in an extra reward for the lucky shooters.

Banging starts at 10 a.m. and continues until dark. The McHenry Sportsmen's Club can be reached by driving west on Big Hollow Road (Rte. 134) and following the southern tip of Pistakee Bay around to the west shore. From McHenry, Route 120 to Chapel Hill Road and then north.

**Pro-Am Tourney Starts Tonight**

Top ranking Lake County amateur bowlers will team with touring members of the Professional Bowlers Association in the opening event of the \$27,500 PBA tournament at Bertrand Lanes, Waukegan, starting at 8 p.m. today (Thursday).

More than 200 of the county's top keglers have qualified for a shot at the \$1,000 top prize in the one day Pro-Am event.

The Pro bowlers will roll in two sessions Friday, Saturday and Sunday at 11 a.m. and 5 p.m. Some of the finest bowlers in the country will be shooting for the \$3,000 first prize.

Dick Weber, current leading money winner on the tour, will resume his bid for a new money-winning record after a month's layoff.

Youthful Pete Toulias of Hammond, Ind., last year's winner, will be back to defend his title.

Bowling in the 3-day PBA shoot will be 140 pros and 20 non-pros.

**Don't Forget Tax Deadline Sept. 1**

The First National Bank and the State Bank of Antioch are accepting payment of Real Estate Taxes.

Deadline for payment of taxes is September 1st. After that there will be a penalty.

regulations for substitute teachers; a clarification of the grading system; rules and regulations for the Special Education class, and spelling out of responsibilities of the school nurse.

Warren Polley, assistant superintendent, displayed charts he had prepared for the board dealing with room allocation and use. The charts show the use made of classrooms during the day. General classrooms are now used 90% of the school day. Before the 1962 addition was available, Dittman reported, classrooms were used 100% of the day.

The board appointed a salary committee to study and prepare a salary program for 1966-67. Members of the committee are Robert Lindblad, John Blackman and William Brook. They will also consider contract changes for the current year, made necessary by extra-curricular assignments and additional education gained by teachers.

The last vacancy on the teaching staff will be filled by the employment of Allan Etzbach for the Physics and Physical Sciences department. Mr. Etzbach is a graduate of Monmouth College and a beginning teacher.

**Cavalry Baptist Has New Pastor**

The Cavalry Baptist Church in Antioch has a new pastor, the Rev. Louis S. Thiele.

The Rev. Thiele and his family are living in the parsonage at 554 Parkway Ave. He was born in Sault Ste. Marie, Mich., and grew up in Illinois. He is married and has two children, Jeanie, age 12, and Johnny, age 9.

The Rev. Thiele attended Southern Illinois University, LeTourneau College, Millikin

University, Brooks Bible Institute and Greenville College. He has served as pastor, and Pioneer Missionary. He comes to Antioch from Mount Vernon, Ill., where he has been serving as Superintendent of Missions of the Salem South Baptist Association.

**To Repeat Showing Of Drivers Test**

Because of public demand, there will be a repeat showing of the National Drivers' test. It will be shown on Monday evening August 30, at 9 p.m. on CBS-TV.

The program was widely acclaimed as the highest-rated, single-network, sponsored public service program in TV history, according to the National Safety Council.

The Lake County Safety Commission is cooperating in this endeavor by distributing test forms in the interest of public safety.

**EDITORIAL****Many Roads To Same End**

The Health Careers Council of Illinois points out that the shortage of trained personnel in the health field is increasing in Illinois and throughout the nation. And part of the reason states the Council, is that students simply don't know about the many and varied opportunities for careers in this field.

Young people in high school or college, trying to decide what career to train for, often find themselves at a loss. Yet each industry and profession has within it literally hundreds of specialized jobs which might be exactly what they'd like.

In the field of health, there is a continual shortage of people trained to fill the jobs that serve patient, doctor, dentist and hospital. Most of these professions pay well, are interesting, and offer a chance to serve humanity.

Some of the many specialized fields the student should consider are medical Technology (the laboratory branch of medicine, the men and women who count blood cells, do chemical blood tests, etc.); Podiatry, the care and treatment of the feet; Dietetics, a field in which there is a tremendous shortage. An administrative dietitian is responsible for all food service in a hospital. A therapeutic dietitian, working under the physician's order has the responsibility of planning the patient's diet to meet the medical need; the Radiologic technologist exposes and develops X-ray films, and may treat patients with radiologic devices under the supervision of a radiologist.

Occupational therapy is another field in which the shortage is acute. The occupational therapist is important in restoring many patients' emotional and physical capacities.

The medical record librarian is responsible for seeing that there is a complete and accurate record of each hospital patient. There are also many positions open as technicians and assistant record librarians.

Pharmacy offers a wide range of positions, from manager of a community pharmacy to research pharmacist.

The health field, in short, is wide open. The young man or woman who finds that for some reason he or she can not fulfill a dream of being a doctor or dentist need not turn to some humdrum job as a substitute. The many related jobs in this field may turn out to be exactly what he or she wants.

**Who Are "They"?**

Is it always the "other guy"?

Statistics are always available for automobile accidents through the news media, but people seem to feel that these apply to the "other guy." Figures mean little to most people. Why not find out if you're the "other guy" or not by taking the National Drivers' Test to be shown for the second time, Monday evening at 9 p.m. August 30 on CBS-TV. It may be an interesting revelation.

The first time this test was shown on television the national average of drivers in the rating was poor. Why not make it a point to watch this program and answer the questions honestly? It may help you and the "other guy."

**Democratic Women Sponsor Meeting**

Michael J. Howlett, state Auditor of Public Accounts, will be a featured speaker at Democratic Women's Day Saturday, Sept. 11, at the Wagon Wheel in Rockton.

Delegates from Boone, Lake, McHenry, Carroll, Jo

Daviss, Ogle, Stephenson, Whiteside and Winnebago counties will attend. The event is sponsored by Democratic women's organizations of the 12th and 16th Congressional districts.

W. Willard Wirtz, U. S. Secretary of Labor, will be the keynote speaker.

Have you noticed the fragrance of Lady Fall in the night air lately? Somehow she has an elusive way about her this time of year, you know she is teasing you and hiding just around the corner, and even though you pretend not to notice her rustling petticoats and haunting laughter, you can hardly wait till she makes her appearance again!

**Courthouse Notebook**

BY LOU DIRKIN

The recent appointment of Mrs. Max Pilz to fill the Lake County Board of Supervisors' vacancy created by the death of her husband, a Waukegan Assistant Supervisor, has strengthened a precedent that may come back to haunt the county board.

Almost on the same day the supervisors approved the seating of Mrs. Pilz as a member of the board, veteran Libertyville Township Assistant Benjamin Stickels passed away leaving a new vacancy on the board.

The Libertyville Township Board of Auditors, which will fill the vacancy by appointment, is placed in the position of risking an affront to Mrs. Stickels if she seeks the appointment and is rejected.

Indications are that she will be appointed, which would bring to three the number of widows serving in the posts to which their late husbands were originally elected.

Three out of 37 is hardly a lop-sided percentage at the present time, but it shows a definite trend toward considering a political office a family heirloom.

Recent stories in the Waukegan News-Sun give rise to the suspicion that County Treasurer Carl Berning has incurred the displeasure of Publisher Ward Just or someone else in a position of authority on the county's lone daily newspaper.

Stories concerning activity in the treasurer's office are credited to the "County Treasurer's office," "the County Treasurer," or "a spokesman for the treasurer's office."

Berning's name was pointedly omitted from a story listing the members of a special committee appointed to establish new assessor districts for quadrennial re-assessment of the county for tax purposes.

Other members of the committee were identified by name and official position, with the list winding up "and the County Treasurer."

Since Berning cannot succeed himself in office under the existing state law the blacklisting must be something other than political.

Something, perhaps, like placing legal publications in the wrong newspapers.

One of the headaches members of the county board's finance Committee can anticipate during the budgetary hearings now being conducted is increased pressure for pay hikes for county employees.

The few raises granted last year were little more than token hikes except for some of the appointed department heads and many workers in the vineyards are somewhat disgruntled.

This is particularly true among those employees who feel an obligation or an inclination to engage in political activity in behalf of their boss or the political party under whose aegis they were able to secure employment.

ployment for all sorts of people.

**Bureaus.** The politicians will be so busy establishing all sorts of bureaus that they may forget to electioneer. A happy thought, but unlikely.

We can establish irrigation bureaus, and unemployment bureaus, and bureaus to study modern life, and moon fauna and flora, and moon geography. We can introduce them to social security, and the Beatles, and cosmetics, and tranquilizers. Always supposing, of course, that they're not quite as smart as us, and don't have all these advantages.

We can introduce them to measles, and tuberculosis, and viruses. And then send doctors to teach them how to control all these ills.

We can show them how to make guns and bullets and flame throwers. And send the Marines up to stop them from using them.

And, happy thought, we can introduce them to the automobile. And maybe we can send a lot of our contractors up there to build roads.

This will all cost a great deal of money, which will keep our economy booming. And as long as the economy booms we'll all be happy.

So you see, it's really—not a waste of time to shoot for the moon.

Ocala, Fla., Star-Banner: "Congress could do one thing to help reduce the staggering national debt which President Johnson plans to increase next year. Legislation could be adopted to provide that whenever the federal government disposes of property the proceeds are applied against the national debt. The present practice is to put the money into the general fund for spending. It then is ready to be squandered on some new spending scheme. And in the meantime, the debt continues to grow. Something must be done about the debt eventually, and this would be a good place to start."

Many small towns are plagued with empty store buildings. They disfigure the appearance of the business district. Even if new firms cannot be found for such places, wouldn't it be great if the owners would let other businesses display their wares in the empty windows, just to keep them from looking so desolate?

## Fund For Rescue Squad Bldg. Grows

**By Mrs. Bernice Bornau**  
Tony Coia, chairman of the Lake Villa Rescue Squad builders, gave an approximate, rough estimate of what it would cost to construct a new building to house the rescue squad equipment, at Monday night's meeting of the Rescue Squad builders. He quoted a figure of \$12,000 that would include material and labor, although they hope most of the labor will be donated. Landscaping was not included in the cost.

A total of \$7,026.92 has been raised by volunteer workers, with hope of a couple—more—hundred yet to come in.

Hugh Beattie, Parry Pfeifer and Robert Myslinski held a Fun Fair recently. The children turned over \$2,17 to the committee at Monday night's meeting. They are the children of Mr. and Mrs. Frank Beattie, 2401 Thornwood Dr., and Mr. and Mrs. Ted Myslinski, 275 Beck Rd., Lindenhurst.

They hope to raise at least \$1,000 at the Rescue Squad dance on Sept. 18, at the Lindenhurst Civic Center. The money is usually used for the Rescue Squad, but since the money is needed for a new building, it will go into that fund.

The committee is planning a rummage sale for Friday and Saturday, October 15 and 16 at the Lake Villa school. Rummage and workers will be needed.

## REAPPORTIONMENT

SPRINGFIELD — Based on his stand on population percentages, Attorney General William G. Clark has filed with the Clerk of the Illinois Supreme Court maps and recommendations for reapportionment of Illinois Senatorial Districts so that the City of Chicago would be given 21 districts, the remainder of Cook County 9 districts and downstate Illinois 28 districts. Clark also submitted to the Court his recommendations for reapportionment of the State's Congressional districts, these recommendations also being based on population percentages.

## IRON FROM NICKEL MINES

Through new and expanded facilities, more than 750,000 gross tons of high grade iron ore are now recovered annually at International Nickel's mining operations in the Sudbury District of Ontario. This mining area is also the free world's major source of nickel and a source of copper, silver, gold, cobalt, platinum, palladium, rhodium, ruthenium, iridium, selenium, tellurium, and sulfur.

## 3 Marines Receive Purple Heart

Three Marine privates were awarded the Purple Heart Tuesday afternoon, August 17, for injuries received during hostile action in the Republic of Viet Nam during June and July.

The decorations were presented to Privates First Class Cecil D. Burden, Alfred J. Massey and Mitchell S. Skupien during ceremonies held at 2 p.m. in the Great Lakes Naval Hospital. Major General R. L. Murray, Inspector General of the Marine Corps, presented the awards to the men.

Private Burden received his injuries while on patrol July 7, in the vicinity of Da Nang. One of the men in the patrol tripped the wire on a claymore mine, exploding it. Burden received a broken collar bone, broke two knuckles and pinched a nerve in his left arm.

A veteran of 18 months in the Marine Corps, Burden is the son of Mr. and Mrs. Cecil Burden, 1743 No. 60th St., East St. Louis, Ill.

Private Massey was injured during a skirmish with the Viet Cong near Chu Lai. He was shot in the right wrist and grazed on his cheek by a bullet.

Massey has been in the Marines for 16 months. Mr. and Mrs. William Massey reside in Jacksonville.

Private Skupien was injured by an exploding 60 mm mortar near Huu Phu Bai on June 24, causing internal injury to his left side.

He is the son of Mr. and Mrs. William Skupien of 1235 No. Damien Ave., Chicago. When presenting the decorations to the men, Major General Murray said that he was glad to have the opportunity to present the medals. He added that like himself, it's one medal they probably wish they'd never won.

## Kerner Approves Two Bills

Gov. Otto Kerner has approved House Bills 682 and 1123. House Bill 682 creates a Commission on Compensation to Victims of Crimes to study the feasibility of payments of compensation by the state to crime victims and appropriates \$5,000.

House Bill 1123 adds a section to the School Code to provide 250 scholarships each year for adults who wish to complete or to commence and complete study for a teaching career.

## Burgan Takes Lead At Speedway

Dennis Burgan, piloting his Lark convertible, won three events last Saturday night and jumped back into the late model stock car championship point lead at the Waukegan Speedway by four points. Jim Cossman, who went into the evening's program 14 points on top, lost the rear end in his Chevy at the completion of a heat race and found nothing but problems in the two cars he tried to drive in the feature.

After one first lap restart, Tim Seyl jumped into the feature lead and held on until lap six when Dave Evans and Richard Friedman tied up in the second turn blocking the track. John Hood passed Seyl on the restart and Burgan followed Hood by, but only one lap later Mike Miltimore and Jerry Thompson locked securely together as they raced out the fourth turn. Both crashed hard into the homestretch wall, Miltimore's Chevy convertible immediately bursting into flames. Quick action by the safety crews saved both cars from total destruction as the drivers scrambled to safety.

Hood still lead at the restart, but Burgan drove high on the track and raced side-by-side with Hood in a thrilling duel for five laps before inching into the lead. One lap later as Hood challenged Burgan as they flew into the third turn, Hood's steering failed sending him violently into the pit wall and out of the race. A fourth restart found Burgan ahead of Ray Dixon. Dixon set out to capture the checkered flag, but still was some ten feet be-

hind Burgan as they streaked across the finish line after a crowd-pleasing race.

Pete Brewer recorded two more victories and hung onto his ninth place point rating. Brewer took the undisputed lead in the ninth lap of the rainy first heat after his closest challenger, Steve Colson, tangled and spun while lap-ping a slower car. Brewer bounced back to win the semi-feature after Jim Pasley was forced out in the seventh lap with a broken axle. Pasley had charged up from the rear of the starting field and commanded a big lead at the time. Earlier, Pasley won his heat race by three feet over Seyl in a spectacular finish that saw Ken Thunhurst crash into the homestretch wall as the two raced for the flag.

### Aqua Center News

By Sue Polley

The Antioch Aqua Center Speed Swim Club will hold an inter-squad meet at 10 a.m. Friday, August 27, at the Antioch pool.

The boy and girl age groups for individual events are 16 years and over, 13-15 years, 11-12 years, and 10 years.

The 16 years and older will compete in the 100 yard freestyle, 33 1/3 yard breast stroke, and 33 1/3 yard back stroke.

The other age groups will compete in the 33 1/3 yard freestyle, 33 1/3 yard breast stroke, and 33 1/3 yard back stroke.

The age groups for the freestyle relays will be 15 years and older, and 10-14 years.

There are two teams scheduled to compete in each age group.

Terry Eckert and June Horton will compete in the diving events.

Individual points are 7 for first, 5 for second, 3 for third, and 1 for fourth places.

The relay points are 7 for first and 0 for second.

The 8 year and under will swim exhibition.

The Swim Club would like to thank Joseph Hellstern of Sequoia Trailer Sales for sponsoring the Parent-Children meet last Sunday night.

## Sullivan Sets 50-Lap Record

Jim Sullivan of Antioch, driving the Diestler-Plymouth-powered modified, won the 50-lap feature at the Kenosha County Speedway in Wilmot Saturday night in record time averaging 53.55 mph, wiping out the record held by Eddie Stillman of Milwaukee on August 4, 1962. The old time was 53.47 mph.

Sullivan, who started inside in the fourth row in the race, waited until the halfway mark and then made his bid to pass Jim Lawrence of Bristol, who led after taking the lead from Ron Crane early in the race.

Bill Strom and Duane Harris each came up to challenge the lead by Sullivan in the final laps but Sullivan stayed ahead in the closest 50-lap finish ever seen in the 14 years of racing at the track.

Behind Harris was Bill Bohn, Don Scorse, Jim Lawrence, Chuck Uttech and Ron Crane.

The 15-lap semi-feature was won by Rodger Otto of Burlington, who really should have been in the feature race. However, in qualifying his car he failed to get around the upper corner and his car leaped the steel rail. Hasty repairs were made but not in time to get him back out to qualify; therefore he had to start in the back of the semi-feature as well as the second heat which he also won. Bay Darnell of

Deerfield came up strong in the semi but flipped his car in the lower corner trying to take over third place from Jr. Dodd.

Heat winners were also Tom Anderson, Jr. Dodd and Jim Lawrence. Ron Justen won the spectator feature.

Next Saturday night will be a 75-lap race. On display and running on the track will be a Dodge Turbine powered experimental car from the Earl Stringer Dodge Agency in Antioch.

## 8,100 In County Learn-To-Swim

More than 8,100 Lake County youngsters received Learn-to-Swim certificates following successful completion of Red Cross Water Safety Courses this summer, the Lake County Region of the American Red Cross reports.

At the Antioch Pool, 310 youngsters have received certificates. Complete season-end figures are not available, as the learn-to-swim programs are moving into their final stages. Regional Administrator Norine Clark estimated that about 800 more certificates will be issued.

**County GOP Start Membership Drive**

The Lake County Republican Federation will start a membership drive in September.

Arthur Fossland, Winthrop Harbor, and Mrs. Augustin Hart, Lake Forest, have been appointed membership co-chairmen.

E. A. Heppner will head the Federation's business-industry committee. Marshall R. Schroeder was named chairman of the finance committee; George G. Crawford, Waukegan, chairman of public relations and Oscar Blomgren, Jr., Lake Bluff, chairman of the speakers' bureau.

Other new committee chairmen are Mrs. John Wauwika, Lake Zurich, club liaison; Richard Love, Waukegan, and Richard C. Reed, West Deerfield, co-chairmen of the Republican revitalization committee, and Bruce Wilson and Robert O. Zinner, both of Highland Park, co-chairmen of the program committee.

## Make Your Own And Save Tax

The grape harvest is at hand! Prospective wine makers are reminded that as heads of families, they may produce up to 200 gallons of wine tax-free, for the use of their immediate families only if they comply with the Federal Statute requiring prior registration of intent to produce wine with the Alcohol and Tobacco Tax Division of the Internal Revenue Service.

Prospective family use wine makers in the State of Illinois can comply with the registration requirement by filling out forms obtainable from the office of the Supervisor in Charge, Alcohol & Tobacco Tax, Room 1784, 35 East Wacker Drive, Chicago, Ill. 60601. The filled out forms must be submitted in duplicate to the above office at least five days before the production of wine begins. Telephone inquiries may be made by calling 222-7483.

If the applicant is qualified one copy of the form will be returned as authorization to produce not more than two hundred gallons of wine during the twelve-month period from July 1 through June 30. A new registration form must be filed for each year in which it is desired to produce such wine.

Each year a number of persons who have made wine for family use and who did not register their intention are taxed at the regular rate for such wine. In addition they have been liable for criminal prosecution.

## Lindenhurst News

By Mrs. Bernice Bernau

The Altar and Rosary Society will hold its monthly meeting Sept. 1, at 7:30 p.m. with Benediction. There will be a silent auction. Members are asked to bring any "white elephants" they may have.

A Membership Tea is planned for Oct. 6, with the board members as hostesses.

Any lady of the parish who can donate one hour for cleaning the sanctuary and altar, please call Carol Easley, 356-5361.

A delightful time was enjoyed by all who attended the parish picnic a week ago. The barbecue chicken was out of this world. The fellows who helped to make the day so pleasant were Al Smith, Les Hamlin, Ted Brendel and his son, Bob, Bob Buktas and his son, David, Jack Halvey, Dick Dvorak and his son, Frank Skrzynski, Jerry Stacey, Len Schuelemeister and Clarence Reed.

The parish is still in need of a qualified teacher. If you know or anyone who could qualify, will you please call Father Lynch.

### Tour Europe

Dr. Jindrich Laurich and his wife, Blaza, recently returned from a four week tour of Europe. They were in Frankfurt, Germany, eight hours after leaving International Terminal at O'Hare Airport, flying by jet. There they rented a car and drove all over, visiting Switzerland, the Alps, Italy, Bavaria, Yugoslavia, Paris, the Riviera, France, Munich, Vienna, and other places of interest. This was Dr. Laurich's first visit back since 1956, and Mrs. Laurich's since 1948.

They both noticed many changes and improvements. There has been a lot of new building and rebuilding, giving them the appearance that they had never been destroyed.

### Visits Paree

After spending four days in Paris, France, Pte. Ed Bernau wrote home that he would spend his whole ten day pass there. He said he loved every minute of it. He visited the Louvre and saw Venus De Milo, Mona Lisa and other paintings by famous artists.

He visited the famous Notre Dame Church and many of the smaller, less known ones.

He said they have many markets strewn all over, in Montmartre, Latin Quarter

and north of the Right Bank north of Notre Dame.

It is similar to our "Maxwell Street" in Chicago and our "sidewalk sales."

Two days before Ed arrived approximately 900,000 Parisians left Paris, and they were replaced by around a million and a half tourists.

It was common to hear American, English and German spoken. Almost everyone carried cameras, maps and sight-seeing books. Ed really enjoyed being there and like the other tourists he took several rolls of film.

### Newcomers

Carl and Marian Pfäfer moved into their new home at 70 Timber Lane, March 28. They lived in Waukegan a year before moving here.

Carl has a Civil Service job at Great Lakes as an E.S.O.

He is originally from Charlotte, N. C., and Marian from Indianapolis, Ind.

They have three boys, Carl, 12, Tommy 10 and George 9. They attend Millburn school.

Robert and Yvette Breest are renting the home at 2111 Woodlane Dr. They have six children: Robert 17, and Paul 16, are both juniors at Antioch High School. David 13, Kevin 11 and Susan 8, attend Prince of Peace school. The youngest is Jane, 3. The family moved here in February from Davenport, Iowa.

Mr. Breest is manager of the Waukegan Dry Goods Store.

### Wisconsin Vacations

Ed and Dorothy Kovanda and their children, Georgianne and Michael, spent their two week vacation at Nicolet National Forest.

They visited a trout hatchery up there

and were interested in how the fish separate themselves into age groups. The bigger they got, the different canals they swam in.

The John Quinn family spent three days at the Wisconsin Dells last week.

### Wisconsin Vacation

The Marty Golden family spent their two week vacation at a cottage on Lake Lake Winnebago, five miles from Oshkosh, Wis.

Dorothy's parents, Bill and Gert Wright went with them,

They visited the museum in Oshkosh one day. Dorothy was impressed by a huge clock that had the 12 disciples come out on the hour and bow to Christ who held out his hand.

Corky Goldon was proud of the two ribbons his white Poodle Jocko won at the Lake County Fair last month. He is a member of the 4-H Agriculture Club.

### Moved

The Willets and Miklautschs, who were neighbors here, have moved to Antioch. They are next door neighbors on Lake St.

The Harmon Mills family sold their home on Hazelwood and have moved to Texas where he plans to attend school and study to be a minister.

The Harry Gunther family have sold their home at 106 E. Hazelwood and are moving to Palatine this week.

**Hospital Patient**

Pat Olson checked into St. Therese Hospital Monday for observation.

### Bridal Shower

A bridal shower was held August 15 at the home of Mrs. Trudie Stippich in Ingleside for Sharon Baker of 2114 E. Sprucewood Lane. Hostess was Mrs. Dolores Hered. Thirty guests were in attendance.

Sharon and Howard Kilgash, Jr., plan on being married Sept. 11 at St. Mark Church. Sharon is the daughter of Gene and Jeanette Baker, and Howard is the son of the Howard Kildahl, Sr.'s of 1405 Holman Dr., Long Lake.

### House Guests

Bill Crutchfield's sister, brother, LeRoy Crutchfield, his wife and three children, all from Birmingham, Ala., were here for a week. They all had dinner at the home of Mr. and Mrs. Pierre Claes-sens one evening, parents of Mrs. Crutchfield.

### Back Again

Did you know Bill and

Joanne Kempski are back in the village again? They bought the Sullivan home at 512 Deerpath Dr. Joanne works in Franken Drugs.

### Anniversaries

Anniversary congratulations to Hilton and Louvina Woolard who will be celebrating their third anniversary on Sept. 1. And to Ray and Dorothy Verdick, who were married on Sept. 2, several years ago. Roger and Linda Halek celebrate on the 5th.

### THE MUSCLE THAT CAN'T QUIT

Are muscles becoming obsolete?

Are we heading for an era of "instant" people — dehydrated, flash-frozen and ultimately synthetic?

Slowly and unyieldingly a myriad of mechanical contrivances has taken over function after function once in the province of man's muscles. We don't even get up to switch channels on the TV set any more. A remote control button does it. We have electric knives, electric toothbrushes, even electric powder puffs. And recently came the cataclysmic disclosure that cowboys don't bust broncos any more; they tranquillize them.

This spreading atrophy is really more serious than it sounds, the Chicago Heart Association warns, because we have one key muscle that still has to do all its own work: the heart muscle. And so interdependent are the various systems of the human organism that the degeneration of one can vitally affect all the rest.

Conversely, the body benefits in many ways from regular physical activity, the Chicago Heart Association points out:

The efficiency of the heart's action is greatly en-

hanced by a regime of regular exercise, scientists have found. The athlete's heart pumps more blood with fewer but stronger, strokes per minute than the loafer's heart—saving quite a bit of wear and tear over the long haul.

The circulatory system responds to active muscles need for more oxygen by developing additional pipelines (collateral circulation). These can stand the heart muscle in good stead in the event of a heart attack—when adequate collateral circulation, by enabling unaffected areas of heart muscle tissue to continue working, can make the difference between life and death.

A number of studies suggest that regular physical activity plays a role in keeping down blood levels of cholesterol, often linked to a higher risk of heart attacks.

For example, a 15-year study of more than 10,000 Israelis living in kibbutzim (farming or light-industry cooperatives) showed a much lower rate of heart disease among the physically active personnel compared with the sedentary members. Other environmental factors, including diet, were the same for all.

Physical activity offers an effective outlet for release of tensions—another possible factor in the coronary risk picture. As Dr. Paul Dudley White has noted, "one does not need sedatives or tranquilizers if one becomes physically, muscularly weary."

Last, and probably most gratifying to the weight-conscious American, moderate, regular exercise makes it easier to keep weight normal. It helps burn up any excess calories we may consume.
